

PR Manager

Location: UK, France, Germany.

Job purpose and background

Are you passionate about communications and sustainability? Are you looking for a role that allows you to apply your outstanding global knowledge and skills in a fast-moving and growing initiative at the cutting edge of corporate climate action?

The Science Based Targets Initiative (SBTi) has an exciting opportunity for a full-time PR Manager, reporting to the SBTi Senior Communications Manager.

The successful candidate will play a leading role in our global communications team. You will manage a busy press office on strategic communications, both responding to press inquiries and leading proactive communications outreach. Overall you will support the SBTi in building and maintaining its public profile and reputation.

About the Science-Based Targets initiative

The Science Based Targets Initiative (SBTi) is a global body enabling businesses and financial institutions to set ambitious emissions reduction targets in line with the latest climate science. It is focused on accelerating companies across the world to halve emissions before 2030 and achieve net-zero emissions before 2050.

The initiative is a collaboration between CDP, the United Nations Global Compact, World Resources Institute (WRI) the World Wide Fund for Nature (WWF) and one of the We Mean Business Coalition commitments. The SBTi defines and promotes best practice in science-based target setting, offers resources and guidance to reduce barriers to adoption, and independently assesses and approves organizations' targets. Key Responsibilities

- Monitor the external environment for challenges and opportunities for the organization
- Provide research, analysis, and evaluation of media coverage and emerging issues, including preparing briefings and recommendations for senior management
- Writing on behalf of the organization, helping to develop its voice, and making it heard
- Craft key messaging and content, including press releases, blogs, articles, and social content, that resonates with our target audiences
- Liaise with target media proactively to raise the profile of SBTi and/or bolster its reputation

- Managed a busy press office including swift response to a large range of inbound requests
- Identify and capitalize on media opportunities across Tier 1 and trade media
- Support global communications colleagues in developing and delivering communication plans in key markets (e.g. Europe, North America, Latin America, SE Asia)
- Develop creative approaches to effectively engage and influence SBTi target audiences across our platforms

Skills and experience

Essential

- At least 5 years' relevant communications and/or media experience
- Strong experience in developing multi-channel media plans
- Strong PR experience and demonstrable knowledge of international business, trade, and environmental media
- First-rate writer, ideally from a journalistic background but not essential
- Excellent research and synthesizing capabilities
- Strong analytical mind with the ability to process complex information and turn it into compelling, easy-to-understand stories and content
- Strong organizational skills
- Excellent interpersonal skills and the ability to develop and nurture relationships both internally and externally, including complex multi-stakeholder relationships
- Demonstrable experience of successful communications projects which have delivered against project objectives.
- An understanding of and desire to work proactively to promote corporate sustainability
- Excellent team skills and the flexibility to work across the business and with global offices in multiple timezones
- Excellent time management skills and an ability to meet deadlines under pressure and manage multiple project and stakeholder demands simultaneously
- Fluency in written and spoken English

Desirable criteria

- Experience working with global corporations and/or in the field of sustainability
- Experience working as part of a global team
- Experience in delivering effective communication campaigns during periods of organizational change such as a new operating model
- Experience working for a not-for-profit organization
- Proficiency in languages other than English

What we offer

- Competitive NGO salary, depending on experience.
- Working in one of the most successful and fastest-growing climate action initiatives.
- Working in the field of sustainability with access to an impressive range of stakeholders, both internal and external.
- Exciting and challenging tasks in a dynamic, international, and highly motivated team
